Memorial Garden
- 11:45 & 1:45 PM** **Healing Songs for Our Time from the Viking Age:** Every culture and every age has its troubled times. When they occurred during Viking Age, the community often called upon a **staff-** carrying woman ( *völva* in the Old Norse language) to aid in healing and bring back balance. Come hear Kari Tauring, a modern-day *völva*, sing healing poems from the poetic Edda of 100 CE, the Kalevala ( Finnish national epic), and the 9 Herbs Charm from a medieval Anglo-Saxon medical text. During her singing, Kari will employ three magical stavs (staves): a Truce Stav made by a Ukrainian blacksmith, a Peace Stav created by blacksmith Doug Swenson (1959-2022) who demonstrated his art at our first two Viking festivals, and a Latvian strung staff. Come hear the healing songs from Viking Age northern Europe and take part in a blessing song from the Edda, a Viking classic.
